As a result of my own experience and my history as a birth doula, I enjoy working with women who have complicated pregnancies as much as those with uncomplicated ones. | Miriam Hughes   | Congratulations on your pregnancy. Almost 20 years ago I founded Lincoln Midwives and now am the only remaining original member. I am very happy to work with younger midwives Vanessa Oswell and Megan Maxwell-Smith. My three children and my three New Zealand grandchildren were all birthed at Lincoln. As I plan to retire in the next three years I am looking forward to providing midwifery care predominantly to mothers that I have cared for previously and their close family members.                     | Home: +64-33256051<br>Mobile: +64-274856051                                                        |
